

A campaign by the Foundation for Environmental Education

# Global Action Days

Helping the environment one action at a time

A campaign to activate students and teachers to lead the change for a more sustainable world by getting involved in fun-filled, informative activities.

## How does it work?

Plan and implement an environmental action in your school and/or community

Document the action by taking pictures, making a video or writing an article.

Register online

Share your action on the Global Action Days Facebookpage!

## Be involved!

students

teachers

communities

## Why join?

**9-15  
November  
2015**

Because you want a safe and healthy environment to live in

Because you want to stop Global Warming

Because you want to make a difference
