"TREE - A TREAT FOR ANIMALS AND BIRDS"

In the framework of the International Network of PE
"Learning about Ecosystems and Forests".

In this activity, the students decorated a different Christmas tree
in the nearby grove of the city of Heraklion,
"Georgiadis Park".

In the "Tree-treat" our decorations were: delicious food and
delicious treats for the birds and animals of the park, who have
difficulty finding their food in the winter and the cold.

Preparation stage for eco-friendly bird food ornaments.

Materials:

- ***peanut butter, tahini, cereals, seeds, popcorn, bird food, oranges, cannelloni pasta.***
- ***cardboard, scissors, string, tongue depressor, pine nuts.***

**It was a beautiful day!
We left school for a walk
in the city's central
park.!!**

**We ate our breakfast
enjoying nature! All our
senses woke up!!**
